

# SecuriSavePLUS

Focused on energy efficiency, SecuriSavePlus is environmentally "green" friendly and family considerate. The protection and security of your welfare, health and home are taken to unprecedented new levels with SecuriSavePlus.

Each fine Signature Home and most AAA Homes are offered with the exclusive benefits of SecuriSavePlus: our latest value-added package which provides a unique combination of products derived from security technology and energy conservation. SecuriSavePlus increases energy efficiency, improves air quality and water management while using renewable resources in construction. SecuriSavePlus enhances the appeal and strong demand for our finished homes and has proven to be a great equity builder if you should decide to resell.

SecuriSavePlus adds great value to your home, saving you big dollars on utility bills while making your home healthier, quieter and safer and secure inside and out. The monthly utility savings of approximately \$100 created by SecuriSavePlus impacts your purchasing power towards the price of your new home by over \$16,000.
